## Transnet Freight Rail

RFP Number: SIM25001CIDB/ HOAC- HO-51700/2

Description of the Service: For the supply, transportation, rigging, installation, testing, and commissioning of various standby Diesel Generators within Transnet Freight Rail critical campuses, railway communication rooms and high sites for Eastern Region

## C2.1 Pricing instructions: Option A

### 1.1 The conditions of contract

### 1.2 How the contract prices work and assesses it for progress payments

Clause 11 in NEC3 Term Services Contract (TSC), June 2005 (with amendments June 2006 and April 2013) Option A states:

Identified 11  
and defined  
terms

11.2 (17) The Price for Services Provided to Date is the total of

- the Price for each lump sum item in the Price List which the *Contractor* has completed and
- where a quantity is stated for an item in the Price List, an amount calculated by multiplying the quantity which the *Contractor* has completed by the rate.

(19) The Prices are the amounts stated in the Price column of the Price List, where a quantity is stated for an item in the Price List, the Price is calculated by multiplying the quantity by the rate.

### 1.3 Measurement and Payment

1.3.1 The Price List provides the basis of all valuations of the Price for Services Provided to Date, payments in multiple currencies and general progress monitoring.

1.3.2 The amount due at each assessment date is based on activities and/or milestones completed as indicated on the Price List.

1.3.3 The Price List work breakdown structure provided by the *Contractor* is based on the activity/milestone provided by the Employer. The activities listed by the *Employer* are the minimum activities acceptable and identify the specific activities which are required to achieve Completion. **The Price List work breakdown structure is compiled to the satisfaction of the Employer with any additions and/or amendments deemed necessary.**

1.3.4 The *Contractor's* detailed Price List summates back to the activity/milestone provided by the *Employer* and is sufficient detail to monitor completion of activities related to the operations on the Accepted Plan in order that payment of completed activities may be assessed.

**Transnet Freight Rail****RFP Number: SIM25001CIDB/ HOAC- HO-51700/2****Description of the Service: For the supply, transportation, rigging, installation, testing, and commissioning of various standby Diesel Generators within Transnet Freight Rail critical campuses, railway communication rooms and high sites for Eastern Region**

- 1.3.5 The Prices are obtained from the Price List. The Prices includes for all direct and indirect costs, overheads, profits, risks, liabilities, obligations, etc. relative to the contract.
