TRANSNET NATIONAL PORTS AUTHORITY
CONTRACT NUMBER: TNPA XXXXXXX
DESCRIPTION OF THE WORKS: STRUCTURAL REPAIRS TO C-BERTH QUAY WALL AT THE PORT OF DURBAN

PSAB PROJECT MANAGERS (ENGINEER'S) OFFICE (SANS 1200AB)

PSAB 1 SCOPE (CLAUSE 1)

The specification for the Engineer's Office shall be in accordance with SANS 1200 AB except as modified herein.

PSAB 2 APPLICATION (CLAUSE 2.1)

The interpretation of and variations to this specification are set out in Part C3.1: Employer's Works Information and herein below.

PSAB 3 DEFINITIONS (CLAUSE 2.3)

The SANS 1200 Standardised Specifications contain terms such as "Contractor, Engineer, Material, Plant, Schedules of Quantities" which may appear to be in conflict with the NEC EEC3 (June 2005), Employer's Works Information and the Pricing Data. These terms should be interpreted in their original context. The terms "Schedules of Quantities", "Bill of Quantities" and "Bills of Quantities" shall have the same meaning. The title "Engineer" shall be interpreted as "Project Manager" or "Supervisor" as the case may be in terms of the ECC3.

PSAB 4 PROJECT MANAGERS (ENGINEERS) OFFICE (CLAUSE 3.2)

The Contractor shall provide offices for the Supervisor, two inspectors and for admin staff. Each office is to have air-conditioning and telephone including ADSL or WiFi Internet accessibility.
