SECTION 3: BACKGROUND, OVERVIEW AND SCOPE OF REQUIREMENTS

1 BACKGROUND

The Transnet National Port Authority (TNPA) is, by statute, mandated with the management and control of South Africa's eight commercial ports in accordance with the provisions of the National Ports Act 12 of 2005 (the Act) to achieve the objectives of the National Commercial Ports Policy which envisages a globally competitive South African ports system. TNPA oversees how land is used inside ports and can lease property on terms that it may determine. Section 11 (4) of the Act obliges the Authority to be an operator of last resort and must do everything reasonably necessary for the effective and economic management, planning, control, and operation of ports. In cases where an existing Terminal Operator's license is cancelled or suspended by the Authority under subsection 60 (1) of the Act, the Authority may, if it considers that such cancellation or suspension would materially affect the movement of cargo or passengers in a port:

- a) provide the port service or operate the port facility;
- b) engage any employee of the licensed operator, or any 3rd party, to carry out the functions; and
- c) recover any expenses from the licensed operator concerned.

Therefore, to ensure continuity of Port Operations, TNPA requires a Panel of service providers that would serve as Operators of Last Resort to bridge the gap in case of Termination of an existing Terminal Operator's a license or end of contract. These entities would take possession and effective control of the operation terminals or facilities at TNPA ports by concluding an Agreement on appropriate terms and conditions. The Agreements shall be an interim measure, until such time that a new Terminal Operator is appointed in terms of Section 56 of the Act.

2 EXECUTIVE OVERVIEW

TNPA seeks to establish a panel of experienced and capacitated Terminal Operators to step in and take over the operation of Port Terminals when TNPA terminates a Terminal Operator Licence (TOL) and or Terminal Operator Agreement (TOA). Terminal Operators of last resort will be required at short notice to provide interim terminal operations until the appointment a terminal operator through Section 56. The panel will be established to service all eight (8) Port Terminals inclusive of Durban, Cape Town, Richards Bay, Ngqura, Saldanha Bay, Port Elizabeth, East London and Mossel Bay.

TNPA as the Operator of Last Resort is required to enable continuation of operations in the terminal so that vessels can be serviced to import and export cargo as required by the country. Expected outputs from the service provider would be to ensure the continued operation of the Terminal by using existing Terminal Infrastructure, and shipping lines that would benefit from efficient operations that allow them to move their goods to market quickly and at a lower cost. The Terminal Operators will be appointed to the panel for a three (3) year period for utilisation on an as-and-when required basis.

3 SCOPE OF REQUIREMENTS

TNPA seeks to establish a list of pre-approved service providers to be appointed on an Approved List ("Panel") that will participate as Operators of last resort for TNPA port terminals/facilities operations as and when required until new terminal operators are appointed through section 56 process.

The key deliverables of this project will contain the following:

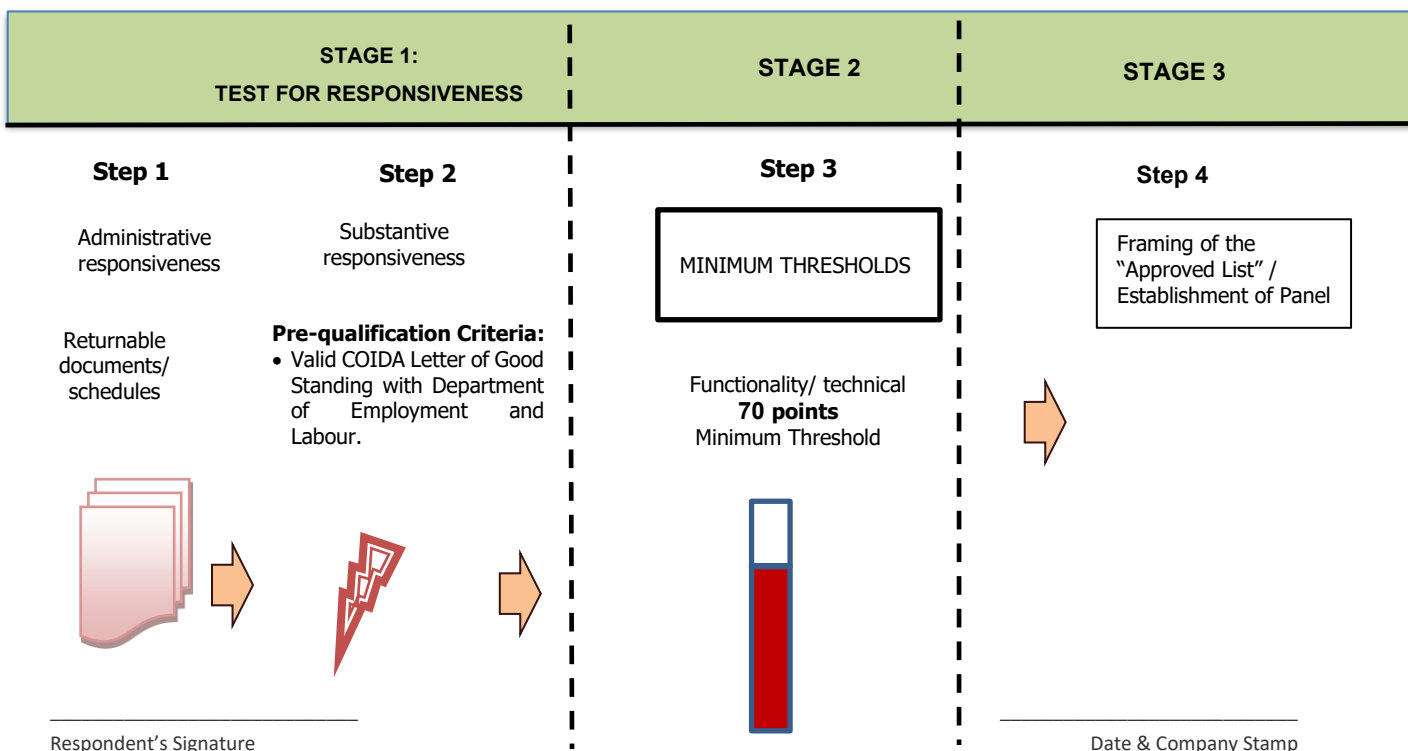

- 3.1 The appointed Terminal Operators will provide “cargo handling services” in the operation and maintenance of these terminals for commodities such as containers liquid bulk, dry bulk and multi – purpose etc.
- 3.2 TNPA will, based on a diagnostic of the problems and the peculiarities at a particular terminal prepare a revised and detailed scope and invite Terminal Operators on the panel to submit competitive bids in response thereto.
- 3.3 In operating and maintaining these terminals, the appointed Terminal Operator will engage in, inter alia the following activities:
 - a) the import/export, transit storage, handling, and distribution of cargo on to and off the vessel with appropriate terminal equipment; organisation of traffic flow, including safe and adequate parking of all terminal related traffic;
 - b) distribution of cargo to inland customers through rail or road; and
 - c) maintain terminal infrastructure and equipment.
- 3.4 The period of interim operation as the Operator of last resort will be specified and detailed in the RFP that will be issued to the panel at Phase 2 of this process. All Respondents who meet the technical criteria will be placed on the approved Panel of Terminal Operators.
- 3.5 The Port specification will be issued with the Request for Quotation/Proposal once the need arises.

4 GENERAL SERVICE PROVIDER OBLIGATIONS

- 4.1 The Service provider(s) shall be fully responsible to Transnet for the acts and omissions of persons directly or indirectly employed by them.
- 4.2 The Service provider(s) must comply with the requirements stated in this RFP.

5 EVALUATION METHODOLOGY

Transnet will utilise the following methodology and criteria in selecting Service provider to form part of the approved panel:

NB: Evaluation of the various stages will normally take place in a sequential manner. However, in order to expedite the process, Transnet reserves the right to conduct the different steps of the evaluation process in parallel. In such instances the evaluation of bidders at any given stage must not be interpreted to mean that bidders have necessarily passed any previous stage(s).

5.1 STEP ONE: Test for Administrative Responsiveness

The test for administrative responsiveness will include the following:

Administrative responsiveness check	RFP Reference
<ul style="list-style-type: none"> Whether the Bid has been lodged on time 	<i>Section 1</i>
<ul style="list-style-type: none"> Whether all Returnable Documents and/or schedules [where applicable] were completed and returned by the closing date and time 	<i>Section 5</i>
<ul style="list-style-type: none"> Verify the validity of all returnable documents 	<i>Section 5</i>
<ul style="list-style-type: none"> Verify if the Bid document has been duly signed by the authorised respondent 	<i>All sections</i>

The test for administrative responsiveness [Step One] must be passed for a Respondent's Proposal to progress to Step Two for further pre-qualification

5.2 STEP TWO: Test for Substantive Responsiveness to RFP

The test for substantive responsiveness to this RFP will include the following:

Check for substantive responsiveness	RFP Reference
<ul style="list-style-type: none"> Whether any general and legislation qualification criteria set by Transnet (All sections including: Section 2 paragraphs, 2.2, 10.2, General Bid Conditions clause 20), have been met 	<i>All sections including: Section 2 paragraphs, 2.2 and 10.2, General Bid Conditions clause 20</i>
<ul style="list-style-type: none"> Whether the Bid materially complies with the scope and/or specification given 	<i>All Sections</i>
<ul style="list-style-type: none"> Whether the Bidder has submitted a Valid COIDA Letter of Good Standing with Department of Employment and Labour 	<i>Section 5</i>

The test for substantive responsiveness [Step Two] must be passed for a Respondent's proposal to progress to Step Three for further evaluation

5.3 STEP THREE: Technical Criteria

The technical evaluation will be conducted in out of 100 points. Bidders will be required to achieve a minimum threshold of **70 points** to proceed to step four.

The Technical Evaluation Criteria is attached hereto as **Annexure A**.

*Respondents are to note that Transnet will round off final technical scores to the nearest 2 (two) decimal places for the purposes of determining whether the technical threshold has been met. Respondent's compliance with the minimum functionality/technical threshold will be measured by their responses to **Annexure A.***

Bidders are to note that on the second phase of this process, a detailed track record that covers volumes handled, productivity and maintenance of a terminal will be required in much detail.

The minimum threshold for technical/functionality [Step Three] must be met or exceeded for a Respondent's Proposal to progress to Step Four for final evaluation.

5.4 **STEP FOUR: Framing of the "Approved List" Panel**

- 5.4.1 Respondents who meet the technical criteria will be placed on a Panel of Terminal Operators. An overarching framework agreement will be concluded with these Terminal Operators, following the acceptance of a TNPA letter of appointment by the qualifying Respondents.
- 5.4.2 A Respondents' appointment to the Panel of Terminal Operators does not guarantee that the TNPA will make use of their services. As and when a need arises to make use of the services of the Panel of Terminal Operators, TNPA will issue a Request for Quotation/Proposal to Terminal Operators on the Panel to compete on evaluation based on Section 4, clause 2 as well as on price and Preference (B-BBEE) to ensure compliance to the requirements of the PPPFA.
- 5.4.3 Immediately after approval to award the contract has been received, the successful preferred bidders will be informed of the acceptance of his/their Bid by way of a Letter of Award. Thereafter the final contract will be concluded with the successful Respondent.
- 5.4.4 A Respondents' appointment to the Panel of Terminal Operators does not guarantee that the TNPA will make use of their services.
