Joint Venture

In 2019 DTI released amendments to the Codes of Good Practice. Joint Ventures are referred to in Revised Code 000, Statement 000: General Principles

- As per paragraph 7 of Amended Code Series 000, Statement 000 of the Codes of Good Practice, unincorporated joint ventures are required to compile a consolidated verification certificate. A consolidated verification certificate will consolidate the verified compliance data of joint venture partners if those Measured Entities were a single Measured Entity.
- A JV will require its own Broad-Based Black Economic Empowerment (B-BBEE) certificate if they would like to tender or enter a contract that requires a B-BBEE Certificate.
- A trust, consortium or joint venture (including unincorporated consortia and joint ventures) must submit a consolidated B-BBEE Status Level verification certificate for every separate bid.

- Note the following:

- A consolidated verification certificate is required.
- The consolidation is based on the weighting as defined in the joint venture agreement.
- The respective scores are weighted according to their proportionate share in the joint venture.
- A joint venture certificate is valid for 12 months and only applicable to a specific project.

Eligibility of a Joint Venture

Joint Ventures are required to compile a consolidated verification certificate. A consolidated verification certificate will consolidate the verified compliance data of joint venture partners in accordance.
