SECTION 12: Protection of Personal Information	

Stage 2 : Technical Evaluations

- The minimum qualifying threshold is **80 points** for each regional technical evaluation.
- More detailed to be presented by Technical

TENDER EVALUATION PROCESS

Stage 3 : Objective Criteria

Transnet reserves the right to award the business to the highest scoring bidder/s unless objective criteria justify the award to another bidder. The objective criteria Transnet may apply in this bid process include:

- Skills Transfer and Capacity Building for Transnet;
- Impact on Transnet's Return On Investment;
- Rotation of Suppliers to promote opportunities for other suppliers, by overlooking a supplier that has been awarded business repeatedly overtime in order to benefit other suppliers in the market;

the tenderer:

- is not under restrictions, or has principals who are under restrictions, preventing participating in the employer's procurement,
- is not undergoing a process of being restricted by Transnet or other state institution that Transnet may be aware of,
- can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract,
- is not insolvent, in receivership, under Business Rescue as provided for in chapter 6 of the Companies Act, 2008, bankrupt or being wound up, has his affairs administered by a court or a judicial officer, has suspended his business activities, or is subject to legal proceedings in respect of any of the foregoing,

AWARD STRATEGY

Transnet intends to award this tender per region as indicated on table below

Bidders must indicate on page 2 of the RFP document the region/s they are tendering for.

Region	Terminals	Tick
Kwa-Zulu Natal Region	AgriPort	
	Richard Bay MPT	
Eastern Cape Region	Port Elizabeth	
	East London	
Cape Town Region	Saldanha MPT	

AWARD STRATEGY

The award strategy to be employed is to appoint one supplier per region who will provide uniform belts across the region on an as and when required basis. If there is only one bidder that is found to be technically compliant, one service provider will be awarded for all terminals. TPT will utilise the following sequence in awarding the contract:

- The first sequenced award will be awarded to the highest ranked bidder.
- The second sequenced award will be awarded to the second highest ranked bidder, subject to the second
- highest ranked bidder not having been awarded the first sequenced award. In such an instance the
- award will be made to the second highest ranked bidder.
- - The third sequenced award will be awarded to the third highest ranked bidder, subject to the third
- highest ranked bidder not having been awarded the first or second sequenced award. In such an instance
- the award will be made to the third ranked bidder that is neither the bidder to whom the first or second
- sequenced award were made.
- - Ideally only one (1) Terminal will be awarded to a bidder, however Transnet reserves the right at its
- discretion to award more than one terminals to a single service provider, provided that the solution is
- aligned with Transnet's objective, that the solution is cost effective, and the bidder is the highest ranked.
- This strategy will ensure the service providers are able to attend to orders placed within the minimum lead-times
- agreed upon

TRANSNET

Thank you
