The award of the contract will be a split awarded according to each specific group of steel items per bidder(s), therefore the following split award strategy will be applied during the price and specific goals preference points evaluation:

- b. Bidders will be evaluated per each group of steel components/items using the price and specific goals preference points, per bidder.*
- c. The contract(s) will then be split awarded to the highest ranked bidder(s) per each group of steel components/items using the price and specific goals preference points evaluation.*

- 10.7 cancel the bid process;
- 10.8 validate any information submitted by Respondents in response to this bid. This would include, but is not limited to, requesting the Respondents to provide supporting evidence. By submitting a bid, Respondents hereby irrevocably grant the necessary consent to Transnet to do so;

- 10.10 not accept any changes or purported changes by the Respondent to the bid rates after the closing date and/or after the award of the business, unless the contract specifically provided for it;
- 10.11 to cancel the contract and/request that National Treasury place the Respondent on its Database of Restricted Suppliers for a period not exceeding 10 years, on the basis that a contract was awarded on the strength of incorrect information furnished by the Respondent or on any other basis recognised in law;
- 10.12 to award the business to the next ranked bidder, provided that he/she is still prepared to provide the required Goods at the quoted price, should the preferred bidder fail to sign or commence with the contract within a reasonable period after being requested to do so. Under such circumstances, the validity of the bids of the next ranked bidder(s) will be deemed to remain valid, irrespective of whether the outcome of the tender has been published the outcome of the bid process on the National Treasury e-tender Portal and Transnet website. Bidders may therefore be requested to advise whether they would still be prepared to provide the required Goods at their quoted price.

Note that Transnet will not reimburse any Respondent for any preparatory costs or other work performed in connection with its Proposal, whether or not the Respondent is awarded a contract.

6.5 STEP FIVE: Evaluation and Final Weighted Scoring**a) Price and TCO Criteria** [Weighted score 80 points]:

Evaluation Criteria	RFP Reference
• Commercial offer	<i>Section 4</i>

Transnet will utilise the following formula in its evaluation of Price:

$$PS = 80 \left(1 - \frac{Pt - P_{min}}{P_{min}} \right)$$

Where:

Ps = Score for the Bid under consideration
 Pt = Price of Bid under consideration
 P_{min} = Price of lowest acceptable Bid

$$PS = 80 \left(1 + \frac{Pt - P_{max}}{P_{max}} \right)$$

Where:

Ps = Points scored for the price of Bid under consideration
 Pt = Price of Bid under consideration
 P_{max} = Price of highest acceptable Bid

Broad-Based Black Economic Empowerment criteria [Weighted score 20 points]

- B-BBEE - current scorecard / B-BBEE Preference Points Claims Form
- Preference points will be awarded to a bidder for attaining the B-BBEE status level of contribution in accordance with the table indicated in Section 4.1 of the B-BBEE Preference Points Claim Form.

Items will be evaluated per group and awarded per group, award will be a split of 80/20 split

Respondents to the tender to be advise of the split award of the contract between more than one Supplier/Service provider, should it at Transnet's discretion be more advantageous in terms of, amongst others, cost or developmental considerations: lead time risk mitigating. Also, to ensure security of supply, volumes will be apportioned based on a predetermined split as stipulated below. This is to ensure that the large volumes to be purchased are not only confined to only a single supplier to mitigate the risk of them not being able to meet the required volumes.

The award of the contract will be a split awarded according to each specific group of steel items per bidder(s), therefore the following split award strategy will be applied during the price and specific goals preference points evaluation:

- Bidders will be evaluated for each specific group of steel components/items which they have fully quoted for;*
- Bidders will be evaluated per each group of steel components/items using the price and specific goals preference points, per bidder.*
- The contract(s) will then be split awarded to the highest ranked bidder(s) per each group of steel components/items using the price and specific goals preference points evaluation.*
