SECTION 3: BACKGROUND, OVERVIEW AND SCOPE OF REQUIREMENTS

1 BACKGROUND

Transnet National Ports Authority (TNPA) requires the re-establishment of its most efficient medium of communication, the Digital Signage system, that will comprise of the latest professional display equipment including 65" Smart Screens, outdoor digital billboards, network enablement, and a content management system. The current digital signage solution was initially installed in 2012 and has since been experiencing the following major challenges in the advanced digital space:

- a) LCD screens have reached their life span, in part because they are required to be on for extended periods of time, unlike in-home use, as designed.
- b) Both Structural and electronic elements of the digital billboard are in disrepair.
- c) Digital Billboards which are located outdoors are more prone to weather elements.
- d) Furthermore, billboards located "outside" port limits were then at higher risk of damage by vandalism, theft, accidents, etc.
- e) All these displays are fed content from a media player connected to the TNPA local network which has seized providing communication messages such as safety and emergencies, notices, information, broadcasts, awareness programs, etc.

The existing TNPA Digital Signage solution has not been fully functional since 2018. This has led to an inability to provide real-time and visible communication, relying solely on email communication, which is only received by computer users, thereby excluding more than half of the TNPA workforce. Furthermore, the digital signage has been out of commission for over a year and has not been providing comprehensive functionalities in the last five (5) years. There are several factors that contributed to the current digital signage breakdown, such as warranty, outdated software, and weathering.

2 SCOPE OF REQUIREMENTS

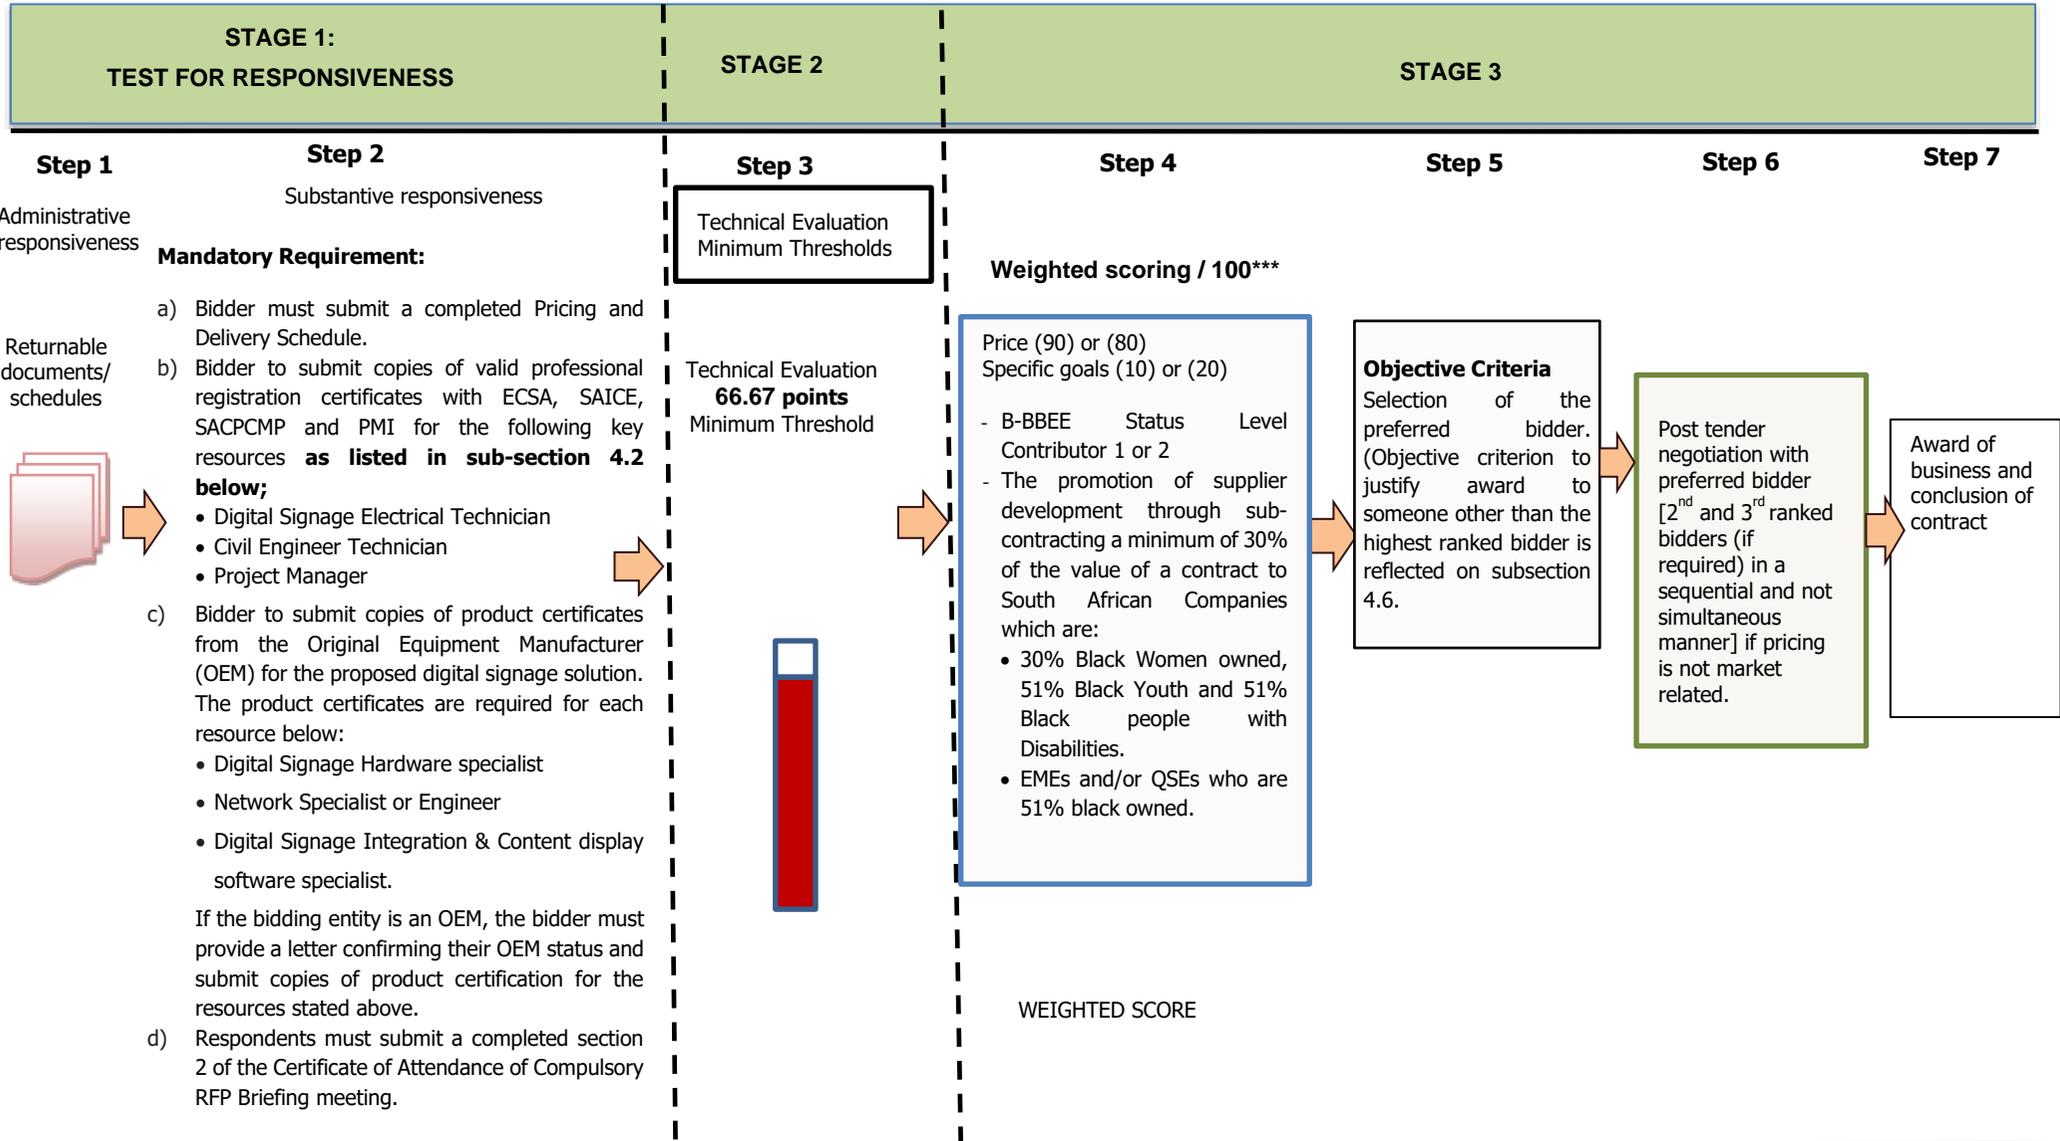

The envisaged digital signage is comprised of digital displays such as professional smart display screens with built-in multimedia content players, smart outdoor billboards, and controls that can be managed remotely over the network, the hardware requirement entails a total of 172 smart indoor displays and 17 outdoor billboards across all 8 Ports. Furthermore, the digital signage system is expected to provide a centralized content display scheduling, broadcasting and publishing of information allowing TNPA to repeat critical alerts and messaging at any defined frequencies. The detailed scope of works is attached as **Annexure A Scope of services**.

- 21.2 If Goods are rejected owing to latent defects becoming apparent during machining operations or other preparation necessary on the part of Transnet before they can be put into use, the Service provider shall bear all expenses incurred by Transnet in carrying out such necessary operations.
- 21.3 If such Goods are rejected, the Service provider will pay the following costs:
- a) for Goods purchased in South Africa on an ex works basis, the cost of transport from the Service provider's works in South Africa to the named destination where the Goods have been rejected by Transnet, plus handling charges and storage, if leviable; or

- b) for Goods manufactured overseas, the Service provider shall pay all replacement costs including the overseas inland transport cost, freight and insurance charges incurred plus railage or other inland transport costs from the South African port to the place where the Goods have been rejected by Transnet, including handling charges, storage, landing charges, customs duty and surcharges, if leviable.
- 21.4 If Transnet requires rejected Goods to be replaced, the Service provider shall, when called upon to do so, arrange prompt replacement of the Goods within the prescribed manufacturing lead times for such Goods, as indicated in Schedule 1.
- 21.5 If Goods are found to be defective but the defects are, in the opinion of Transnet, not of so serious a nature as to warrant total rejection of the Goods, the Service provider shall, when called upon to do so, remedy or make good such defects at its own cost, or Transnet may remedy or make good such defects at the request of the Service provider and recover from the Service provider all costs or expenses reasonably incurred by it in doing so.
- 21.6 Should the Service Provider fail, when called upon to remedy or make good such defects within a reasonable time or to request Transnet to do so, Transnet may proceed to remedy or make good such defects and thereafter recover from the Service Provider all such costs and expenses as aforementioned.
- 21.7 Any amount recoverable from the Service provider in terms of this clause may, without prejudice to any other legal remedies available to Transnet, be deducted in whole or in part from any monies in the hands of Transnet which are due for payment to the Service provider.

22 TOTAL OR PARTIAL FAILURE TO PERFORM

- 22.1 In the case of digital signage refresh to be specially implemented, if Transnet at any time ascertains that:
- a) no refresh of digital signage implementation specified in a Purchase order has commenced and there is little or no prospect, in Transnet's opinion, that services will commence within a reasonable time; or
 - b) delivery of any of the Goods and Services is being or is likely to be delayed beyond the promised delivery date(s), and there is little or no prospect of the Purchase Order(s) being carried out within reasonable adherence to the promised delivery rate(s) or time(s),
- then Transnet may, irrespective of the cause of the delay, by notice to the Service provider, cancel as from a future date specified in such notice the whole or any part of this Agreement or Purchase Order in respect of which the Goods and Services to be supplied and implemented have not been completed by that date, without incurring any liability by reason of such cancellation except as provided in this clause.
- 22.2 The Service Provider shall thereupon, as soon as possible after such date, deliver to Transnet the Goods and Services [if any] already completed, and payment for the part performance shall be made on a pro rata basis, provided the uncompleted part is not an integral or essential part of the completed Goods and Services. Where an integral or essential part of the work has not been completed, the amount to be paid to the Service Provider will be calculated on the basis of Transnet's enrichment. The Service Provider shall, wherever practicable, supply Transnet with the necessary drawings and/or specifications to enable it to complete the work.

22.3 Whenever, in any case not covered by clause 22.1 above, the Service provider fails or neglects to execute the work or to deliver any portion of the Goods and Services as required by the terms of this Agreement or Purchase Order, or if any Goods and Services are rejected on any of the grounds mentioned in clause 24 below [Non-Conformance of Service Procured], Transnet may cancel this Agreement or Purchase Order in so far as it relates to the unexecuted work or the undelivered or rejected portion of the Goods and Services, and in such event, the supply of the remaining portion shall remain subject in all respects to these conditions.

23 NON-CONFORMANCE OF GOODS AND SERVICES PROCURED

23.1 In the case of Goods and Services provided for and procured by Transnet from the Service Provider in terms of this Agreement, being found not to conform to the Transnet standards, specifications and requirements, Transnet at any time may be entitled to raise a Non Conformance Report (NCR) against a Service Provider whose Goods/ Services do not conform to Transnet standards, specifications and requirements directing the Service Provider to investigate and remedy the non-conformance within the stipulated time frame as may be determined by Transnet at its discretion.

23.2 Failure by the Service Provider to fully comply with NCR within the period stated in sub-clause 23.1 above, shall entitle Transnet to further conditions to which the Service Provider must discharge in order to close the NCR or to terminate the order without giving the Service Provider written notice of termination in terms of this Agreement.

24 RIGHTS ON CANCELLATION

24.1 If this Agreement or Purchase Order is cancelled in whole or in part in terms of clause 22 [*Total or Partial Failure to Perform*], Transnet may execute or complete this Agreement with any other entity and do so on such terms as it may deem proper, or may procure other comparable Goods and Services in substitution for those neglected to be manufactured or supplied or rejected as aforesaid, and may recover from the Service Provider the difference between the cost of such Goods and Services and the Price [if the latter was lower] as well as any costs and expenses [including any additional transport costs] which Transnet may have had to incur in consequence of the Service Provider's default.

24.2 Any amount which may be recoverable from the Service Provider in terms of clause 24.1 above, without prejudice to any other legal remedies available to Transnet, may be deducted in whole or in part from any monies in the hands of Transnet and due for payment to the Service Provider.

25 BREACH AND TERMINATION

25.1 Termination in accordance with clause 6 [Term and Cancellation] shall not prejudice or affect any right of action or remedy which shall have accrued or shall thereafter accrue to either Party and all provisions which are to survive this Agreement or impliedly do so shall remain in force and in effect.

25.2 On termination of this Agreement or a Work Order, the Service Provider will immediately deliver up, and procure that its Personnel will immediately deliver up to Transnet, all Deliverables and property belonging to Transnet [or, in the event of termination of a Work Order, such as is relevant to that Work Order] which may be in the possession of, or under the control of the Service Provider, and certify to Transnet in writing that this has been done.

- 25.3 To the extent that any of the Deliverables and property referred to in clause 25.2 above are in electronic form and contained on non-detachable storage devices, the Service Provider will provide Transnet with unencrypted copies of the same on magnetic media and will irretrievably destroy and delete copies so held.
- 25.4 In the event that this Agreement is terminated by the Service Provider under clause 6 [Term and Cancellation], or in the event that a Work Order is terminated by Transnet under 25 [*Breach and Termination*], Transnet will pay to the Service Provider all outstanding Fees [apportioned on a pro rata basis] relating to the work undertaken by the Service Provider up until the date of such termination. Transnet will also pay the costs of any goods and materials ordered by the Service Provider in relation to the such work for which the Service Provider has paid or is legally obliged to pay, in which case, on delivery of such goods or materials, the Service Provider will promptly deliver such goods and materials to Transnet or as it may direct.
- 25.5 If either Party [**the Defaulting Party**] commits a material breach of this Agreement and fails to remedy such breach within 30 [thirty] calendar days of written notice thereof, the other Party [hereinafter **the Aggrieved Party**], shall be entitled, in addition to any other rights and remedies that it may have in terms of this Agreement, to terminate this Agreement forthwith without any liability and without prejudice to any claims which the Aggrieved Party may have for damages against the Defaulting Party.
- 25.6 Either Party may terminate this Agreement forthwith by notice in writing to the other Party when the other Party is unable to pay its debts as they fall due or commits any act or omission which would be an act of insolvency in terms of the Insolvency Act, 24 of 1936 [as amended from time to time], or if any action, application or proceeding is made with regard to it for:
- a) a voluntary arrangement or composition or reconstruction of its debts;
 - b) its winding-up or dissolution;
 - c) the appointment of a liquidator, trustee, receiver, administrative receiver or similar officer;
 - d) any similar action, application or proceeding in any jurisdiction to which it is subject.
- 25.7 Transnet may terminate this Agreement at any time within 2 [two] months of becoming aware of a change of control of the Service Provider by notice in writing to the Service Provider. For the purposes of this clause, **control** means the right to direct the affairs of a company whether by ownership of shares, membership of the board of directors, agreement or otherwise.
- 25.8 Notwithstanding this clause 25, Transnet may cancel this Agreement without cause by giving 30 [thirty] calendar days prior written notice thereof to the Service Provider, or

Transnet assumes no responsibility for such insurance being adequate to protect all of the Service Provider's liability.
- 30.4 In the event that the Service Provider receives written notice from its insurers advising of the termination of its insurance cover referred to in clause 30.1 above or if the insurance ceases to be available upon commercially reasonable terms, the Service Provider shall immediately notify Transnet in writing of such termination and/or unavailability, whereafter either the Service Provider or Transnet may terminate this Agreement on giving the other Party not less than 30 [thirty] calendar days prior written notice to that effect.

6 DATABASE OF RESTRICTED SUPPLIERS

- 6.1 The process of restriction is used to exclude a company/person from conducting future business with Transnet and other organs of state for a specified period. No Bid shall be awarded to a Bidder whose name (or any of its members, directors, partners or trustees) appear on the Register of Tender Defaulters kept by National Treasury, or who have been placed on National Treasury's List of Restricted Suppliers. Transnet reserves the right to withdraw an award, or cancel a contract concluded with a Bidder should it be established, at any time, that a bidder has been restricted with National Treasury by another government institution.
- 6.2 All the stipulations on Transnet's restriction process as laid down in Transnet's Supply Chain Policy and Procurement Procedures Manual are included herein by way of reference. Below follows a condensed summary of this restriction procedure.
- 6.3 On completion of the restriction procedure, Transnet will submit the restricted entity's details (including the identity number of the individuals and registration number of the entity) to National Treasury for placement on National Treasury's Database of Restricted Suppliers for the specified period of exclusion. National

Treasury will make the final decision on whether to restrict an entity from doing business with any organ of state for a period not exceeding 10 years and place the entity concerned on the Database of Restricted Suppliers published on its official website.

- 6.4 The decision to restrict is based on one of the grounds for restriction. The standard of proof to commence the restriction process is whether a "*prima facie*" (i.e. on the face of it) case has been established.
- 6.5 Depending on the seriousness of the misconduct and the strategic importance of the Goods/Services, in addition to restricting a company/person from future business, Transnet may decide to terminate some or all existing contracts with the company/person as well.
- 6.6 A supplier or contractor to Transnet may not subcontract any portion of the contract to a restricted company.
- 6.7 Grounds for restriction include: If any person/Enterprise which has submitted a Bid, concluded a contract, or, in the capacity of agent or subcontractor, has been associated with such Bid or contract:
- a) Has, in bad faith, withdrawn such Bid after the advertised closing date and time for the receipt of Bids;
 - b) has, after being notified of the acceptance of his Bid, failed or refused to sign a contract when called upon to do so in terms of any condition forming part of the bid documents;
 - c) has carried out any contract resulting from such bid in an unsatisfactory manner or has breached any condition of the contract;
 - d) has offered, promised or given a bribe in relation to the obtaining or execution of the contract;
 - e) has acted in a fraudulent or improper manner or in bad faith towards Transnet or any Government Department or towards any public body, Enterprise or person;
 - f) has made any incorrect statement in a certificate or other communication with regard to the Local Content of his Goods or his B-BBEE status and is unable to prove to the satisfaction of Transnet that:
 - (i) he made the statement in good faith honestly believing it to be correct; and
 - (ii) before making such statement he took all reasonable steps to satisfy himself of its correctness;
 - g) has submitted false information regarding any other matter required in terms of the Preferential Procurement Regulations, 2017 issued in terms of the Preferential Procurement Policy Framework Act which will affect the evaluation of a Bid or where a Bidder has failed to declare any subcontracting arrangements;
 - h) caused Transnet damage, or to incur costs in order to meet the contractor's requirements and which could not be recovered from the contractor;
 - i) has litigated against Transnet in bad faith.

7 PREVIOUS TRANSGRESSIONS

- 7.1 The Bidder / Supplier hereby declares that no previous transgressions resulting in a serious breach of any law, including but not limited to, corruption, fraud, theft, extortion and contraventions of the Competition Act 89 of 1998, which occurred in the last 5 (five) years with any other public sector undertaking, government department or private sector company that could justify its exclusion from its registration on the Bidder's / Supplier's database or any bidding process.
- 7.2 If it is found to be that the Bidder / Supplier made an incorrect statement on this subject, the Bidder / Supplier can be rejected from the registration process or removed from the Bidder / Supplier database, if already registered, for such reason (refer to the Breach of Law Form contained in the applicable RFX document.)

8 SANCTIONS FOR VIOLATIONS

- 8.1 Transnet shall also take all or any one of the following actions, wherever required to:
- a) Immediately exclude the Bidder / Supplier from the bidding process or call off the pre-contract negotiations without giving any compensation to the Bidder / Supplier. However, the proceedings with the other Bidders / Suppliers may continue;
 - b) Immediately cancel the contract, if already awarded or signed, without giving any compensation to the Bidder / Supplier;
 - c) Recover all sums already paid by Transnet;
 - d) Encash the advance bank guarantee and performance bond or warranty bond, if furnished by the Bidder / Supplier, in order to recover the payments, already made by Transnet, along with interest;
 - e) Cancel all or any other contracts with the Bidder / Supplier;
 - f) Exclude the Bidder / Supplier from entering into any bid with Transnet and other organs of state in future for a specified period; and
 - g) If the Supplier subcontracted a portion of the bid to another person without declaring it to Transnet, Transnet must penalise the Supplier up to 10% of the value of the contract.

9 CONFLICTS OF INTEREST

- 9.1 A conflict of interest includes, inter alia, a situation in which:
- a) A Transnet employee has a personal financial interest in a bidding / supplying entity; and
 - b) A Transnet employee has private interests or personal considerations or has an affiliation or a relationship which affects, or may affect, or may be perceived to affect his / her judgment in action in the best interest of Transnet, or could affect the employee's motivations for acting in a particular manner, or which could result in, or be perceived as favouritism or nepotism.
- 9.2 A Transnet employee uses his / her position, or privileges or information obtained while acting in the capacity as an employee for:
- a) Private gain or advancement; or
 - b) The expectation of private gain, or advancement, or any other advantage accruing to the employee must be declared in a prescribed form.

Thus, conflicts of interest of any bid committee member or any person involved in the sourcing process must be declared in a prescribed form.

- 9.3 If a Bidder / Supplier has or becomes aware of a conflict of interest i.e. a family, business and / or social relationship between its owner(s) / member(s) / director(s) / partner(s) / shareholder(s) and a Transnet employee / member of Transnet's Board of Directors in respect of a bid which will be considered for the bid process, the Bidder / Supplier:
- a) must disclose the interest and its general nature, in the Request for Proposal ("RFX") declaration form; or
 - b) must notify Transnet immediately in writing once the circumstances has arisen.
- 9.4 The Bidder / Supplier shall not lend to or borrow any money from or enter into any monetary dealings or transactions, directly or indirectly, with any committee member or any person involved in the sourcing process, where this is done, Transnet shall be entitled forthwith to rescind the contract and all other contracts with the Bidder / Supplier.

10 DISPUTE RESOLUTION

10.1 Transnet recognises that trust and good faith are pivotal to its relationship with its Bidders / Suppliers. When a dispute arises between Transnet and its Bidder / Supplier, the parties should use their best endeavours to resolve the dispute in an amicable manner, whenever possible. Litigation in bad faith negates the principles of trust and good faith on which commercial relationships are based. Accordingly, following a restriction process as mentioned in paragraph 6 above, Transnet will not do business with a company that litigates against it in bad faith or is involved in any action that reflects bad faith on its part. Litigation in bad faith includes, but is not limited to the following instances:

- a) **Vexatious proceedings:** these are frivolous proceedings which have been instituted without proper grounds;
- b) **Perjury:** where a supplier make a false statement either in giving evidence or on an affidavit;
- c) **Scurrilous allegations:** where a supplier makes allegations regarding a senior Transnet employee which are without proper foundation, scandalous, abusive or defamatory; and
- d) **Abuse of court process:** when a supplier abuses the court process in order to gain a competitive advantage during a bid process.

Tender Requirements

To become a Transnet supplier, please respond to the tender requirements as stipulated.

Ensure that all information is completed before submission with the requested documentation. Transnet will assess whether your business complies with certain preset standards which are required in order to supply certain items or services.

Publication of tender

When Transnet needs to procure goods, services or works, it does so through one of its procurement mechanisms, usually either an open tender process or a call for quotes. In addition to this website (Transnet SOC Ltd Tenders, Transnet Port Terminals RFQ/Tenders, Transnet Freight Rail Tenders), you can access National Treasury's eTender Publication portal:

www.etenders.gov.za or

<https://registers.cidb.org.za/PublicTenders/TenderSearch> for construction tenders.

Regarding quotations, Transnet will normally approach at least 3 suppliers to quote for requirements or publish the requirement on this website and the eTender Publication portal.

Transnet does not have its own database of prospective suppliers. It makes use of National Treasury's Central Supplier Database (CSD). In order to be eligible to participate in Transnet's procurement processes, your company must be registered on the CSD. The CSD can be accessed on <https://secure.csd.gov.za/>.

Tender submission

Tenders must be placed in the prescribed tender box, or submitted electronically where instructed, at or before the closing time on the closing date. Late tenders will not be accepted.

Tender documents need to indicate contact details of person(s) who can be contacted regarding any clarification required.

Fake and fraudulent tenders (RFPs) and requests for quotation (RFQs) scams

Prospective suppliers are warned that fraudulent Requests for Proposals and Quotations are sent to suppliers using the Transnet name and logo from time to time. Suppliers are advised to verify the authenticity of suspicious RFQs and orders by calling the respective Transnet Operating Division using the contact details listed below or on Transnet's website prior to responding to any RFQs or orders. Transnet will not be held liable for any delivery of goods for any fraudulent tenders or RFQs.
