Temporary resources required for above mentioned positions due to long outstanding vacancies which cannot be filled. The Financial Accountant is required at Durban Pier1&2, the accuracy and timeliness of financial reporting could be compromised. This may lead to errors in our financial statements, risking non-compliance with regulatory requirements and the potential for additional audit issues.

The Fixed Asset Accountant is responsible for maintaining and reconciling our asset register. We currently are at risk and potentially there could be failures due to inaccurately accounting for depreciation, impairments, and asset disposals, which could result in incorrect financial statements and affect tax calculations.
