The exemption process that **the dtic** follows is that if there is a particular designated product and the minimum threshold for local content cannot be met for various reasons, bidders must apply for exemption (when the tender is still open, before closing date). After checking with the industry, **the dtic** will then decide whether or not to grant an exemption. This is per tender.

The exemption request must be on **the bidding company's signed letter-head** and cover the following:

- The procuring entity/government department/state owned company,
- Tender/bid number,
- Closing date,
- Item(s) for which the exemption is being requested for,
- Description of the goods, services or works for which the requested exemption item will be used for and the local content that can be met,
- Reason(s) for the request.
- Attach specification issued by the procuring entity
- Supporting letters from local manufacturers/sub-suppliers (if applicable)

Please note that it takes 3-5 working days for **the dtic** to process exemption letters and no requests for exemptions will be considered after the tender has closed.

The request should be addressed to the attention of:

**Dr. Tebogo Makube**

**Chief Director: Industrial Procurement Unit**

**The Department of Trade and Industry**

**Private Bag X84,**

**Pretoria,**

**Gauteng,**

The request should be forwarded through email to Dr Makube on [TMakube@thedtic.gov.za](mailto:TMakube@thedtic.gov.za) and copy Ms Matidza ([CMatidza@thedtic.gov.za](mailto:CMatidza@thedtic.gov.za)).
